

Hechi Kan.

July 24 54.

Dear Aunt:

Today is a
sort o' no letter day
as Jackson, Hot and Lotta
Charlton are out and
I for one am having
a fine time. You see
Lotta & Ves and we folks
in "old" friends - the sort
that are worth having
and striving to keep -
and when of us a
number of years a
fellow gets to see em
again he naturally
enjoys it to the fullest.

She - Lotta - has not
changed in actions in the
least since we were
kids together going bare
foot and we have
"joshed" ever since she
has been here.

But that doesn't
interest you so I'll
quit it.

Do you remember
Cleanor that once upon
a time I told you
that there were some
things I could not
do even to please you?

Well, I'm afraid
that you have asked
me one of them, not-
what you have asked
but the appearance.

It looks to me
like "carrying far" -
for me to persist my-
self at your home with
you gone, knowing as
I do that your folks
do not look at me
any too favorably.

If you would give a
reason maybe - or we
will learn that "possible"

word out - I would
look at it differently,
but now I cannot.

Understand me; I do
not say that I will
not call out at present;
with the thro'ts of the
construction your folks
would put on my visit.

I have not intentions
of doing so. Why did
you ask me? ~~to~~ a sort
of a test? do I have
to be 'tried'? Are you
losing faith in me or
changing in your own
ideas or feeling?

I have imagined
a good many reasons,
all look reasonable but
I would like to know
why?

Your letter - and other
things - has made me
out of 'sorts' - Can you
now,

will you make me
see things as I want
to see them?

I cant say any more
Lis
